

Vyzma

Vysma Reflect your livings

An ISO 9001:2015 Certified Company

*Let your home express itself the **Vysma** way!*

With a blend of technologies from across the world, CPL has introduced an all-new range of innovative switches called Vysma. If you're looking for an ideal switch that can make your home look flawless, your search ends right here. Vysma is all about design-centric palates, durability and visceral user experience. The latest ran offers shades that don't fade!

With multiple texture and colour options, Vysma switches are crafted to add the missing zest and offer a seamless look to your home.

God is in the detail, and we take this very seriously. As we move towards a connected world, our sockets have been designed to give a firm grip for all your international electronic equipment. Our special USB charger sockets have been created to give you a full charge no matter the device.

Welcome to a world where aesthetics and functionality meet.

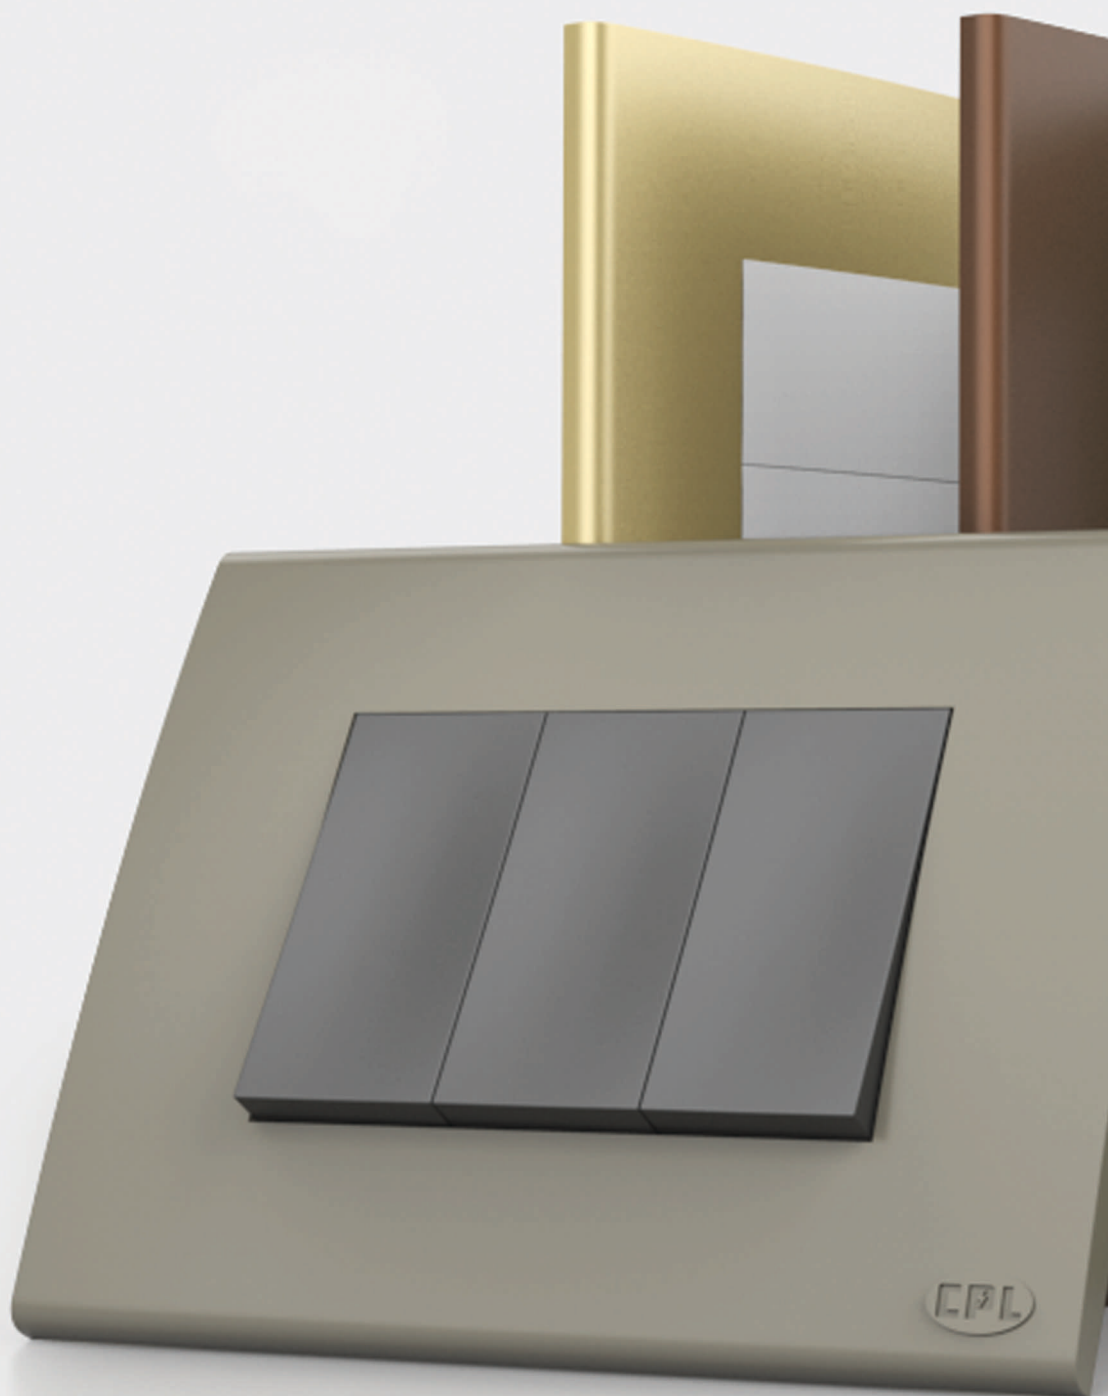

Internationally approved
